WELCOME TO THE ST. JOSEPH BIRTHING CENTER!

St. Joseph Hospital has been delivering babies for nearly 100 years. That's a lot of babies! There are many reasons why so many families turn to St. Joseph Hospital, ranging from our unsurpassed experience to the exceptional clinical expertise of our team members and the easy access to advanced services in the St. Vincent Health system when they're needed. Perhaps the biggest reason families choose St. Joseph Hospital is the personalized care and attention provided to the patients and families who come through our doors.

We have a great team ready to take care of you and your baby that includes your physician, highly-trained nurses and support staff. We'll be here for you before you go into labor, during your delivery and through your recovery. St. Joseph offers childbirth preparation education, as well as a complete care program designed to educate both new and experienced mothers and families about caring for your newborn at home.

A Comfortable, Nurturing Environment

Our Birthing Center offers a home-like environment nestled within the safety of a high tech hospital setting. The Birthing Center provides labor/delivery/recovery rooms equipped with the latest technology, as well as private post-partum rooms. All rooms offer amenities designed for your comfort and convenience. Should the need arise, we have a C-section suite right in the Birthing Center.

Special Care for Special Needs

Every baby born at St. Joseph Hospital is welcomed to our Level II Nursery and surrounded by the Spirit of Caring. While most babies arrive healthy and happy, we are well prepared to care for infants who are sick or premature. Parents are encouraged to spend as much time as possible with their infants, caring for them under nursing staff supervision and learning to operate equipment used in their care.

Prenatal Classes

St. Joseph Hospital offers a variety of childbirth preparation classes taught by an experienced obstetrical registered nurse. Most classes are free or charge a nominal fee. To find out more about classes visit us online at stjoseph.stvincent.org or call 765.456.5000.
